

ACCESSORIES FOR A PROFESSIONAL FINISH

To ensure a professional finish and to help protect your flooring, we've developed finishing accessories that can provide proper transitions from one flooring type to another. These accessories protect your sheet floors from tearing, carpet from raveling, and LVT from breaking. Our accessories can also help reduce difficulty for wheel chairs, rolling carts, or tripping hazards where transitions in flooring materials are found.

To place an order, use the molding number followed by the color number. For example, to order Standard Edge T molding in Gray, use 940204.

JOINING MOLDINGS - CARPET/RESILIENT

TILE TO CARPET JOINER

One-piece molding. Joins ¼" carpet to ½" tile.

Per piece: 12' pieces

Per carton: 25 pieces; 300 linear feet

IMPERIAL REDUCER

1 1/4" transition reducer.
For glue-down carpet; 1/4" undercut.
Can be trimmed to butt to resilient tile.

Per piece: 12' pieces
Per carton: 20-12' pieces; 240 linear feet

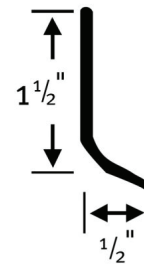

MOLDING 800 | 701 Black / 204 Gray / 502 Brown

TUB MOLDINGS - COVERS

TUB MOLDING SELF-STICK

High Gloss cover for bathtub, counter,
and shelves; 1 1/2" height.

Per piece: 5' pieces
Per carton: 24-5' pieces; 120 linear feet

MOLDING 060 | 401 White

DOUBLE-SIDED TAPE

A high-strength, reinforced, double adhesive tape system designed to minimize installation expense and to allow immediate foot traffic in stairway areas that cannot be closed. Eliminates the need to install during premium shift times due to adhesive odor-related considerations. Accommodates to Transitions, Reducers, Edge Guards, Cove Caps, Thresholds, Filler Strips, and Quarter Round Moldings. NOTE: Not to be used to install landing tile.

Per roll: 164 linear feet

- 1" TAPE 279839 | 1INSBD
- 2" TAPE 487884 | 2INSBD
- 4" TAPE 487886 | 4INSBD
- 6" TAPE 186846 | 6INSBD
- 9" TAPE 487887 | 9INSBD

TECHNICAL DATA

Composition: Thermoplastic Rubber and Vinyl
Installation: Install with high quality solvent-based contact adhesive for compatibility
Application: All moldings manufactured for heavy traffic areas
Applicable Standards: Class 1 Fire Rated (ASTM E-648), ADA, OSHA

ADA

Moldings meet the requirements of sections 4.5.2 (change in level) and 4.5.3 (carpet-edge trim compliance) of the Americans with Disabilities Act (ADA). All of our flooring products conform with ADA Accessibility Guideline Requirements that floors be stable, firm, and slip-resistant.
