Mannington Floor Care Information

MANNINGTON FLOOR CARE INSTRUCTIONS

A Mannington Laminate Floor is the closest thing there is to a “maintenance-free” floor. The melamine-impregnated surface with aluminum oxide makes it resistant to dirt and dust.

IMPORTANT – The laminate surface may have residual wax from the manufacturing process or from the package. The first and only cleaning should be done with a cloth or mop (micro-fiber or terry cloth hooded) slightly dampened with original Windex® (blue), rubbing alcohol, or Simple Green®. This will remove the wax. Once the wax is removed, the recommended maintenance should be ordinary vacuuming or sweeping, and cleaning with Mannington Ultra Clean.

Ordinarily vacuuming or sweeping is usually sufficient to keep the floor clean. If needed, occasionally clean with a cloth or mop (micro-fiber or terry cloth hooded) slightly dampened with Mannington’s Ultra Clean System.

Mannington for Central Park approves the use of residential steam based cleaners that are designed for use on hard surface floors.

IMPORTANT TIPS:

- Never flood the floor with water.
- Do not use soap-based detergents, as these may leave a dull finish on your floor.
- Do not use abrasive cleaners, steel wool or scouring powder, as these may scratch your floor.
- Never wax, polish, sand or lacquer a Mannington Laminate Floor.
- Use doormats outside each entrance to your home to prevent dirt, sand, grit and other substances such as oil, asphalt and driveway sealer from being tracked onto your floor.
- For furnishings, use wide-bearing, non-staining floor protectors, such as clear, hard plastic or non-staining felt protectors for heavy furnishings.
 - Promptly remove all liquid spills.

The overall stain resistance of our Mannington Laminate Floors is excellent and most spills will wipe off quickly and easily with a clean, white cloth. Removing certain substances may take a little extra effort, as outlined in the chart below.

MAINTENANCE CHART

For items not covered by the chart, call Mannington Customer Care at 1-800-FLOOR-US (1-800-356-6787).

STAIN/PROBLEM	RECOMMENDATION
Juice, Wine, Grease, Chocolate	Dampen a rag with Mannington Ultra Clean and spot clean.
Crayon, Cigarette Burns, Asphalt, Shoe Polish, Paint, Ink, Dried Foods, Nail Polish	Dampen rag with alcohol or nail polish remover and spot clean.
Candle Wax, Chewing Gum	Allow to harden and gently scrape with plastic scraper.
